

Waste Reception Facilities

This document provides guidance on which types of waste are received at the Port of Esbjerg and how they must be delivered. If you have any questions, please contact Port Control.

All waste delivered in plastic bags, whether placed in containers or left on the quay, must be packed in clear plastic bags.

Waste dues

For waste dues, please see "Prices & Conditions" available at <https://portesbjerg.dk>

NOT collected by the Port of Esbjerg

The following types of waste are **NOT** collected by the Port. The vessel must arrange collection through another company.
