

Port Esbjerg is seeking IT SUPPORTER

Port Esbjerg is looking for an IT Supporter who will help ensure stable and secure operations at a modern commercial port.

As an IT Supporter, you will be part of daily operations and support Port Esbjerg's IT environment. You will work in the Security and Technology department as part of the IT team and work closely with external suppliers and users throughout the port. The role is both office-based and involves practical work throughout the port.

The tasks are varied and of both a technical and administrative nature. Among other things, you will work with:

- Helpdesk and user support for employees throughout the Port of Esbjerg
- Installation, configuration and maintenance of PCs, mobile devices and IT equipment
- Troubleshooting of hardware, software, networks and communication equipment
- Support and maintenance of technical systems and equipment in the port area
- Contribute to the secure operation of IT and OT infrastructure
- Identification and handling of IT security incidents

Qualifications

We are looking for a service-minded and teamwork-oriented person who can provide modern and creative solutions to solve problems and help colleagues with their IT goals. Applicants should want to develop a wide range of skills across a large digital and geographical environment.

In addition, the following is expected:

- Relevant IT education or equivalent practical experience
- Experience with or good understanding of Helpdesk/IT support
- Basic knowledge of networks, TCP/IP, switches, Wi-Fi, etc.
- Experience with Microsoft environments and Microsoft 365
- Good English skills
- The person must be able to be security approved

It is an advantage if you have relevant certifications, such as CompTIA A+ or equivalent.

You are offered:

- Opportunity to make a difference in the job
- An exciting and challenging everyday life
- Good colleagues and a good working environment
- Attractive employee benefits
- Salary according to collective agreement
- Permanent full-time position
Reduced working hours can be agreed

Practical information

- Applications marked "IT Supporter" should be sent to job@portesbjerg.dk
- Application deadline: 30. november 2026
- Interviews will be held on an ongoing basis
- Start date: To be agreed
- For further information about the position, please contact IT Manager Tommy Gade directly at +45 21 12 22 10.

Esbjerg Port is one of Denmark's leading commercial ports, with more than 5,000 ship calls annually. Esbjerg Port is a recognized player among both domestic and international stakeholders and continually works on developing the port and the organization.

The port hosts approximately 10,000 employees across more than 200 different companies, with around 50 people employed directly by Esbjerg Port.

The culture is informal and direct, and we are all development-oriented and curious about optimizing and improving efficiency.

We are professional in our approach to work and understand how to navigate in a company with significant attention from the business community and other stakeholders in Denmark and abroad.
